Example:
When using the planter hitch, follow the previous year's tire tracks when offsetting your rows in each direction.
Direction 1 will offset your rows 7-1/2" one way.
Direction 2 will offset your rows 7-1/2" the opposite way to make the spacing 15".

-  - Previous Year (Corn) (30" Row Spacing)
-  - Current Year Direction 1 (Beans) (15" Row Spacing)
-  - Current Year Direction 2 (Beans) (15" Row Spacing)

Offset 3pt Planter Hitch
